CJPP is a Sydney voice for all friends of Palestine. We are an independent, non-party organisation, run by volunteers all committed to a just and sustainable peace in the Middle East. We need your support. So do the people of Palestine.

What we do

Our aims include a just peace in Palestine, an end to the apartheid policies of the Israeli government, demolition of the *Apartheid Wall*, respect for human rights, working with others for justice in Palestine and raising awareness of Palestinian issues in Australia.

Please donate to help our political campaigns

We want to continue our work and extend our campaigning for Gaza- this means hosting international speakers, printing information leaflets, organising film screenings and exhibitions, working with the media - all this requires **money** and **people power**.

Please join us & donate what you can to help us continue our advocacy work.

A donation of \$100 costs you less than \$2 a week!

We depend on the support of our financial members.
